

## Accommodation Information

The accommodation at Loughborough University is located on site at the “ Village Park”. All rooms are standard single occupancy. Most rooms share toilet & shower facilities in the corridors.

Approximately 25% of the accommodation kindly offered by the University will have “ensuite” toilet & shower facilities. These will be evenly distributed between the countries participating, depending on the number of people attending from that country.

These “ensuite” facilities are offered solely on the discretion of the University.

We recommend that the “ensuite” facility rooms are offered to the team coaches & older group members.

Each room includes:

- Bed Linen
- One Pillow
- One Bath Towel

The bedding is changed once during a full 8 night package stay (package 1) or when the room is vacated between packages and reused.
